The refraining from cooperation concerns both research collaboration and possible other collaboration between organisations with Russian universities and other Russian institutions such as research institutes. New projects will not be initiated with Russian or Belarusian universities. The University also recommends that researchers or experts from Russian or Belarusian universities or other institutions are not invited as opponents, preliminary examiners, or experts consulted in recruitment or docent application processes."

After February 24, 2022, all official partnerships and exchange programs of Kiel University with Russian universities and other institutions in Russia were suspended. This is still the case today and will remain so until further notice. However, individual contacts</p>

List of the identified institutions of higher education of the Russian Federation involved in the implementation of the “University sessions” project

№	Name of the institution	Rector	Link to the evidence of the participation in the “University sessions”	Information on international cooperation	Countries declared to be in cooperation with (if such information is available)	Name of the institution declared to be in cooperation with	Website of the institution declared to be in cooperation with	The contract to which the letter was sent with the following question: 1) Has your institution been maintaining cooperation with any Russian academic institutions as of February 24, 2022. 2) Whether a new cooperation agreement has been concluded with any Russian academic institution or whether any previous agreement has been extended after February 24, 2022. 3) Does your university cooperate with individual researchers residing in the Russian Federation?	Received response to the letter (response is provided in the original language)
				(archive - https://archive.ph/wip/NrshO) 7) International organisations - https://www.utmn.ru/international/associations/ (archive - https://archive.ph/wip/aPdo3)					between individual Kiel University academics and Russian colleagues can continue. Whether any new cooperation agreement with any Russian academic institution was concluded or any existing agreement prolonged since 24 February 2022. As far as we are aware, no new agreements have been concluded after February 24, 2022, and no existing agreements have been extended. Whether your university collaborates with any individual researcher residing in the Russian Federation. As already written above in question No. 1, individual contacts between individual Kiel University academics and Russian colleagues can continue.

List of the identified institutions of higher education of the Russian Federation involved in the implementation of the “University sessions” project

№	Name of the institution	Rector	Link to the evidence of the participation in the “University sessions”	Information on international cooperation	Countries declared to be in cooperation with (if such information is available)	Name of the institution declared to be in cooperation with	Website of the institution declared to be in cooperation with	The contract to which the letter was sent with the following question: 1) Has your institution been maintaining cooperation with any Russian academic institutions as of February 24, 2022. 2) Whether a new cooperation agreement has been concluded with any Russian academic institution or whether any previous agreement has been extended after February 24, 2022. 3) Does your university cooperate with individual researchers residing in the Russian Federation?	Received response to the letter (response is provided in the original language)
									<p>Currently, all central cooperation agreements with institutions in the Russian Federation are resting.</p> <p>2) Whether any new cooperation agreement with any Russian academic institution was concluded or any existing agreement prolonged since 24 February 2022.</p> <p>No.</p> <p>3) Whether your university collaborates with any individual researcher residing in the Russian Federation.</p> <p>TU Dresden continues to stand by its statement given on the 02nd of March 2022 and is suspending academic relations with the Russian Federation. TU Dresden is thus following the recommendations of the Alliance of Science Organizations and the German Academic Exchange Service (DAAD). This includes scientific relations with state institutions in the Russian federation until further notice. All DAAD-funded project activities with partner institutions in the Russian Federation are suspended and no new projects have been and will be initiated.</p>
